

**LEYTEN
STONE**

FROM COMFORT TO STYLE, WE'VE GOT YOU COVERED

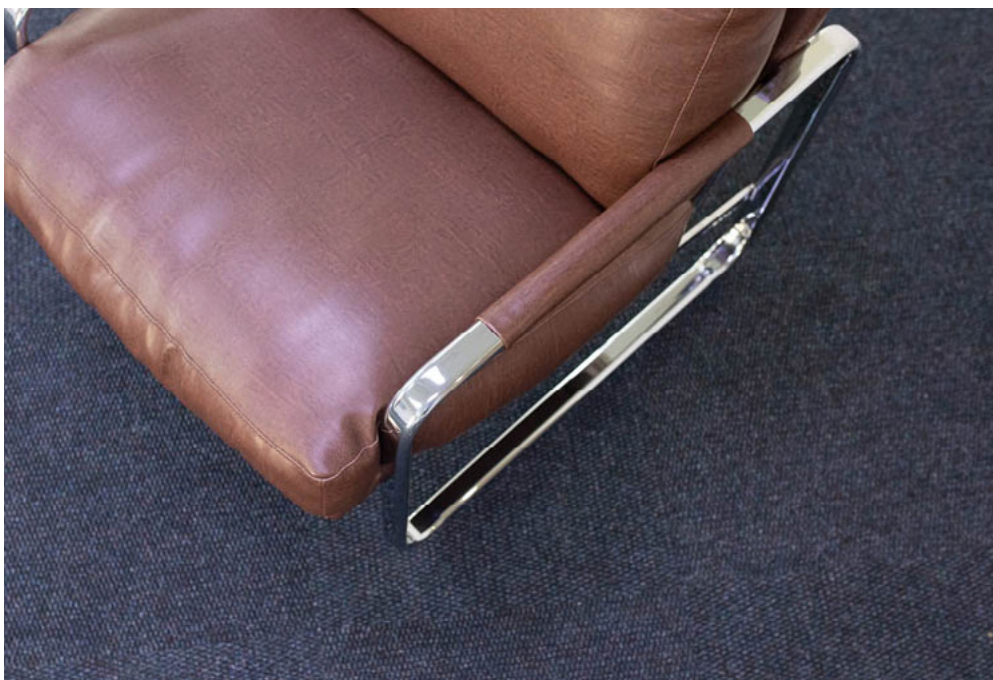

Leytenstone delivers cost-effective solutions that ensure that you have access to the quality products and materials you require.

We collaborate closely with you to ensure a combination of exceptional quality and outstanding value that meets your most exacting requirements.

Our manufacturing partners consistently deliver against high-volume, fast turnaround orders, meaning that we can offer a unique combination of competitive unit costs and very high quality.

Leytenstone's per-unit costs make bulk orders feasible without ever compromising our commitment to product quality.

MINI PINEAPPLE

DIRECT IMPORT RANGE

Leytenstone's newest offering is a range of direct import office carpets with the explicit objective to reduce input costs and save clients money on large-scale projects. We supply high-quality, low input-cost office carpet tiles for commercial use.

Our plush commercial carpet tiles can be easily installed in any high traffic area, such as offices, hotels, restaurants, airports, casinos, factories, hospitals, among others.

Our carpets come in a range of 12 colourways that don't fade with time after repeated use and exposure to light.

Structured Needle punch

Fibre Type:

Blend of Chinese fiber and Belgian crude fiber

Recycled Content:

Face Fiber and Latex

Standard size- Tile:

50 x 50cm / Custom

Standard size- Broadloom:

2 x 30m

Backing - Broadloom or tile:

Latex

Total Thickness:

7mm

Total mass: 1300gsm±50gsm

- Light 7(ISO105-B02)
- Rubbing (dry) 4-5(ISO105-X12)
- Rubbing (wet) 4-5(ISO105-X12)
- Water 4-5(ISO105-E01)

Electrostatic Propensity: ≤2kV(DIN 66095 Part 4)

ORDER INFORMATION

Lead time is approximately 75 days from time of ordering to delivery.

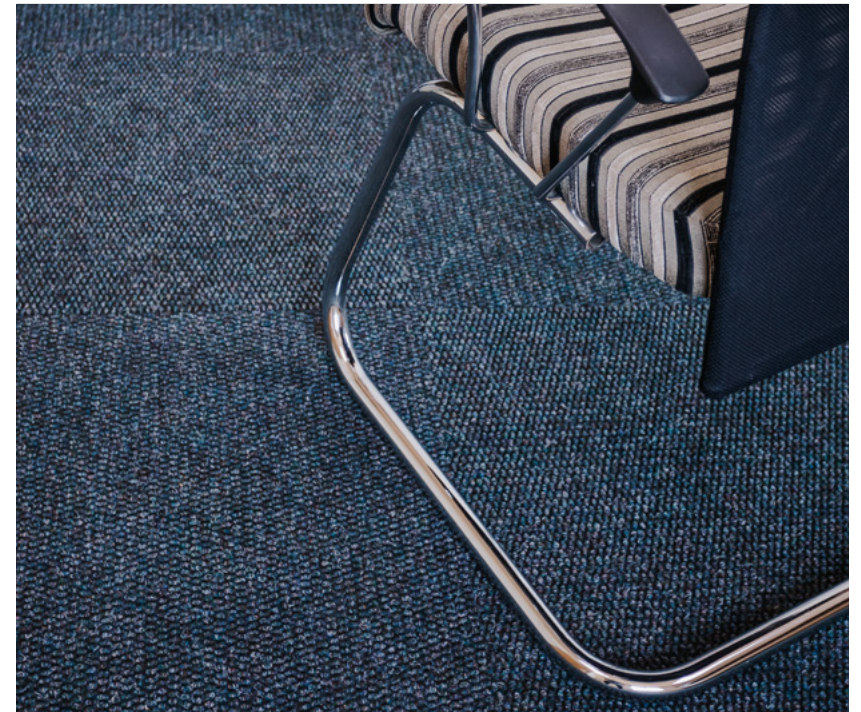

Price is inclusive of delivery.

Minimum Order Quantity (MOQ) 3000ms per colour.

CARE AND MAINTENANCE

Our carpets have high abrasion resistance and low water absorption rates, thus saving you time and money to maintain.

Due to the slow absorption rate of liquids, spills dry up quickly ensuring a fast run around of cleaning or replacing when necessary. When stained with permanent substances or damages, carpet tiles allow you to replace only the damaged section, which in turn helps save money on cleaning or maintenance services.
